

# DEEVIEW 7000 BOREWELL INSPECTION CAMERA

## REDEFINING PIPELINE VISIBILITY

The DEEVIEW Borewell Inspection Camera is a professional underwater and borewell video inspection system designed for deep well, borehole, underwater, and dark-environment inspection applications. It is equipped with a 45 mm AHD dual-view rotating camera, a 13-inch HD display, and a long flexible cable system for clear real-time video inspection at greater depths.

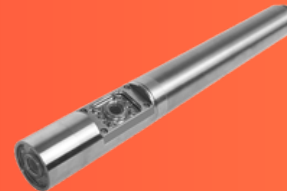

With 360° side-view rotation, adjustable LED lighting, HD video recording, photo capture, audio recording, and USB storage, It helps users easily inspect borewells, deep wells, underwater structures, water tanks, and other difficult-to-access areas. Its rugged stainless-steel camera housing, sapphire lens, IP68 waterproof protection, and cable length options up to 500 m make it suitable for professional field

## FEATURES

- 45 mm AHD HD dual-view rotating camera
- 13-inch HD IPS LCD display with 1280 × 720 resolution
- 360° side-view rotation for detailed inspection
- HD DVR system for photo, video, and audio recording
- Built-in 7000 mAh lithium battery
- IP68 waterproof rating, suitable for high-pressure underwater use

## TECHNICAL SPECIFICATION

Camera Dia : 45mm , Dual View  
Pan 360Deg Camera  
1/3 CMOS,1.3MP pixel HD camera sensor  
13 inch IPS LCD screen  
Dia.8mm Flexible cable  
1280 x 720 Resolution  
IP Level : IP68  
Pressure Rating : 50bar  
Built in 7000mA Li-ion battery inside
