

INSPECTA PLUS SERIES FHD INSPECTION CAMERA

REDEFINING PIPELINE VISIBILITY

The **Inspecta PLUS** High Definition Pipe Inspection Camera high-performance industrial pipe inspection camera designed for inspecting complex pipelines. It features a high-resolution camera, a vertical reel system for extending a 60-meter semi-rigid pushrop cable, and a precision metering device for accurate cable length control. Designed for long-distance and slightly curved pipelines, it delivers real-time, high-clarity images to detect defects such as corrosion, cracks, and blockages. Built for durability and advanced performance, it is an ideal solution for industrial applications in sectors like petrochemicals, power, and municipal engineering.

FEATURES

- 7-inch touchscreen, dual-mode operation.
- LED lighting, infinitely adjustable, switchable between dual color temperatures and high/low beams.
- Multiple lens options available.
- Professional cable management system, ensuring efficient cable organization and user-friendly operation
- Built-in 6600 mAh high-capacity Li- battery.

45MM ELECTRICALLY CONTROLLED ROTATING AND FOCUSING LENS

Camera Dia : 45mm
Resolution : 2 MP
Zoom Type : Electronics Zoom
Alloy & Stainless Steel
Fog-Proof Lens
Pan Angle : 360°
Tilt Angle : 270°
IP Level : IP68
Light : 2 Ultra Bright LED Bead

18MM COLOR WIDE-ANGLE LENS

Camera Dia : 18mm
Resolution : 1 MP
Zoom Type : Electronics Zoom
IP Level : IP68
Light : 8 LED light
