

SI354 is a reliable, handheld light meter designed for precise measurement of illuminance in both lux and foot-candle units. Its intuitive display and flexible sensor make it ideal for a wide range of lighting assessments—from indoor lighting quality to outdoor light intensity.

Its detachable sensor and large LCD display make it user-friendly in various field and indoor applications. The meter supports quick, real-time readings with data hold, auto zeroing, and auto power-off functions, offering convenience and efficiency for lighting audits and safety checks.

Whether you're an HVAC technician, facility manager, or safety auditor, the SI354 ensures your lighting meets the required standards with confidence.

FEATURES

- Fc / lx Function Selectable
- 3 1/2 Digits, 1999 Count LCD
- Data Hold Function
- Big LCD Display
- Automatic Zero When Power On
- Detachable & Rotatable Light Sensor

TECHNICAL SPECIFICATION

Measuring range	0.0~19990 Fc ; 0.0~199900 Lx
Accuracy	±3%rdg, ±5dgts
Resolution	0.1 Lx ; 0.1 Fc
Sampling Rate	2 time/sec
Auto Power Off	30 minutes
Operating environment	Temperature: 0~40°C, Humidity: 10~80%RH
Battery	1.5v AA battery x 2
Dimension	170 x 64 x 38 mm
Weight	210 g
Warranty	12 months
