INSPECTA ZX SERIES HD INSPECTION CAMERA

REDEFINING PIPELINE VISIBILITY

The **Inspecta HD** High Definition Pipe Inspection Camera high-performance industrial pipe inspection camera designed for inspecting complex pipelines. It features a highresolution camera, a vertical reel system for extending a 60-meter rigid pushrop cable, and a precision metering device for accurate cable length control.

Designed for long-distance and slightly curved pipelines, it delivers real-time, high-clarity images to detect defects such as corrosion, cracks, and blockages. Built for durability and advanced performance, it is an ideal solution for industrial applications in sectors like petrochemicals, power, and municipal engineering.

37MM ELECTRICALLY CONTROLLED ROTATING AND FOCUSING LENS

CAMERA DIA : 37MM
RESOLUTION : 1 MP
ZOOM TYPE : ELECTRONICS ZOOM
PAN ANGLE : 360°
TILT ANGLE : 240°
IP LEVEL : IP68
LIGHT : 18 HIGH-BRIGHTNESS LED LIGHT

18MM COLOR WIDE-ANGLE LENS

Camera Dia : 18mm
Resolution : 1 MP
Zoom Type : Electronics Zoom
IP Level : IP68
Light : 8 LED light

FEATURES

- 7-inch touchscreen, dual-mode operation.
- LED lighting, infinitely adjustable, switchable between dual color temperatures and high/low beams.
- Multiple lens options available.
- Professional cable management system, ensuring efficient cable organization and user-friendly operation
- Built-in 6600 mAh high-capacity Li- battery.
